

New WebbTECH Manager Portal makes tracking employee training progress quick and EASY!

After you register at the Manager Portal, you can easily add or delete employee names and track all employees' training progress from a single page. As you add names, the system automatically populates a chart that informs you of each employee's progress. The chart includes the employee login name and password, the number of Brake Drum and ADB Modules completed, whether or not a certificate can be printed, and the last login date and time. Monitoring employee progress has never been this easy!

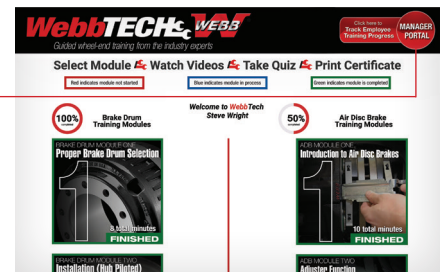

1 Select the "Training" menu at webbwheel.com and click the WebbTECH Guided Training button.

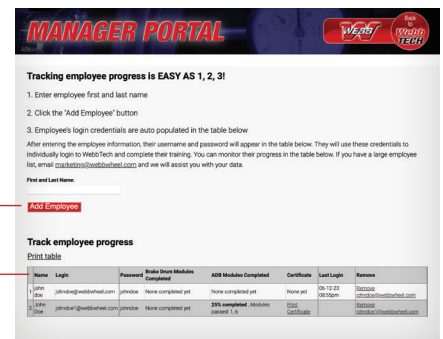

2 Create an account or login to the WebbTECH Training website.

3 Click on the Manager Portal button in the top right corner.

4 Follow the instructions to register and begin tracking your employees' training progress. It's fast and easy!

	Name	Login	Password	Brake Drum Modules Completed	ADB Modules Completed	Certificate	Last Login	Remove
1	john doe	john doe@webbwheel.com	john doe	None completed yet	None completed yet	None yet	06-12-23 08:55pm	Remove john doe@webbwheel.com
2	John Doe	john doe1@webbwheel.com	john doe	None completed yet	25% completed , Modules passed: 1, 6	Print Certificate		Remove john doe1@webbwheel.com

[GET HELP](#)

Welcome to WebbTECH— The extensive online training suite for air disc brakes & drum brakes from Webb—the industry experts!

The **WebbTECH** online training platform offers comprehensive wheel-end training to help customers cut operating costs. Technicians easily navigate the site with options for Guided Training or Self-Paced Training. Managers appreciate how easy it is to track all employees' progress from the **NEW MANAGER PORTAL**. Properly trained technicians are vital for the success of your business. That's why Webb works hard every day to lead the industry in customer support and technical training.

WebbTECH highlights...

- Comprehensive wheel-end training suite with new Manager Portal
- 14+ training modules with 31+ training videos
- Options for guided or self-paced training
- Green, Blue, and Red color coding shows progress at a glance
- Login portal retains work so you can pick up where you left off
- Easy to access Maintenance tips and supporting documents
- Quizzes reinforce your understanding
- Certificate of completion suitable for framing

WebbTECH training is EASY!

1 Select a Brake Drum or Air Disc Brake Module and watch the videos

2 Take the multi-choice quiz after each module

8. What are the benefits of Webb's hardened carriers:

- Minimized risk of pad abutment damage
- Maintain good pad sliding
- Increase the life of the carrier
- All the above

9. Webb's MC225 calipers are offered with Enviroshield technology.

True False
