6 months, 9,820 miles without
Webb LifeShield protection

6 months, 11,536 miles with
Webb LifeShield protection

Webb LifeShield™ protective barrier fights corrosion to **extend rotor life!**

- Unique heat treatment process creates an invisible LifeShield protective layer across the entire rotor surface
- Extends corrosion resistance well beyond the protection of traditional coatings
- Provides greater wear resistance to further extend product life
- Longer product life means lower maintenance and operating costs
- The protection your business needs today... and down the road
- Made in the USA by Webb—your wheel end experts
