NEWS ANNOUNCEMENT

For Immediate Release

WEBB WHEEL RELEASES NEW BRAKE DRUM TO AFTERMARKET

Cullman, AL (April 21, 2009) Webb Wheel Products, Inc. Aftermarket Business Unit has released a new brake drum, part number 66855B. This 16.5 x 8.62 drum, for R-series drive axle and TN & TP trailer axle applications, is similar to Webb 66854B without an oil groove machined in the wraparound area. The 66855B brake drum will fit most applications where a 66854B brake drum is used, with the exception of a limited number of school bus applications where the machined oil groove is required.

The 66855B balanced 10-hole drum weighs 122 lbs. with an 8.78" pilot diameter and 11.25" bolt circle diameter. If balance is not required, the replacement Webb part number would be 66854F. Genuine Webb brake drums, as well as disc brake rotors, hubs and spoke wheels are available at heavy duty distributors and dealers throughout the U.S. and Canada.

Webb Wheel Products, Inc., headquartered in Cullman, Alabama is a Marmon Highway Technologies company that manufactures hubs, brake drums, and rotors for medium and heavy-duty trucks, trailers and buses. MHT serves original equipment manufacturers, highway transportation companies and the automotive aftermarket with a comprehensive line of products. MHT companies are members of The Marmon Group, an international association of more than 125 business units that operate independently within diverse business sectors and have collective revenues of \$7 billion. The Marmon Group is a Berkshire Hathaway company.
