NEWS ANNOUNCEMENT

For Immediate Release

WEBB WHEEL RELEASES NEW HYDRAULIC DISC BRAKE ROTOR TO AFTERMARKET

Cullman, AL (May 18, 2009) Webb Wheel Products, Inc. Aftermarket Business Unit has released new hydraulic disc brake rotor, part number 54773P-65 for front and rear truck applications with ABS. The 10-hole 54773P-65 weighs 38 lbs. with a 6.00" pilot diameter and 7.25" bolt circle diameter.

Webb offers a wide range of "U" and "HAT" type rotors manufactured in the U.S. for hydraulic disc brake school bus, medium and light truck, and RV chassis applications. Webb rotors are made from a high grade of cast iron for long service life and maximum performance. ABS rotors have corrosion protective coating. A copy of Webb's Hydraulic Disc Brake Rotor catalog can be requested by completing a literature order form found at www.webbwheel.com/aftermarket/orderliterature.html. Webb rotors, brake drums, hubs and spoke wheels are available at heavy duty distributors and dealers throughout the U.S. and Canada.

Webb Wheel Products, Inc., headquartered in Cullman, Alabama is a Marmon Highway Technologies company that manufactures hubs, brake drums, and rotors for medium and heavy-duty trucks, trailers and buses. MHT serves original equipment manufacturers, highway transportation companies and the automotive aftermarket with a comprehensive line of products. MHT companies are members of The Marmon Group, an international association of more than 125 business units that operate independently within diverse business sectors and have collective revenues of \$7 billion. The Marmon Group is a Berkshire Hathaway company.
