

# Vortex takes the heat for longer drum and RSD lining life!

NOW FEATURING

**Webb Vortex® Unlimited brake drums run 15% cooler for better braking performance and 25% longer life!**

- NEW patent-pending CRT™ vents (Cool Running Technology) increase air-flow for superior heat transfer efficiency and cooler operating temperatures
- NEW patented wear indicator takes the guesswork out of repairs to save labor time and money
- Patented “ribbed” design provides more surface area for improved heat dissipation
- Cooler temperatures mean **longer brake and RSD lining life** for less downtime and lower maintenance costs
- The ultimate low-temperature, long-life **RSD brake solution**
- Made in the USA

## The ultimate low-temperature, long life brake drum

Everybody in this business knows that brakes work better and last longer at cooler temperatures. That's why Webb engineers focus on the two-fold mission of cutting weight and improving heat transfer efficiency. The result... Webb Vortex® Unlimited.

The patented Webb Vortex® Unlimited brake drum employs external cooling ribs that conduct heat away from the brake surface for superior heat dissipation and 15% lower operating temperatures.

Running significantly lower temperatures than ordinary drums, Webb Vortex® Unlimited performs better and lasts 25% longer. Plus, the new patented Wear Indicator reduces maintenance costs by taking the guesswork out of wear measurements.

Webb Vortex® Unlimited... **the ultimate low-temperature, long-life solution.**

*These photos taken from an infra-red camera mounted on the Webb dyno show a Webb Vortex® Unlimited drum next to a standard drum at precisely the same moment during braking. Compare the heat (red color) and you can actually see that Webb Vortex® Unlimited brake drums run significantly cooler.*

Brake Size	Standard Drum	Vortex Drum
15 x 4	61528B	77528B
16.5 x 5	65710B	77805BW*
16.5 x 7	66864B	77807BW*
16.5 x 8	66800B	77808BW*
16.5 x 8.625	66854B	77809BW*

\* These models feature the patented wear indicator and patent-pending CRT™ technology designed to last 25% longer.
