

WEBB ULTRA GRIP™

Heavy-Duty Brake Calipers from the leading industry brand you know and trust!

Stainless steel visual wear indicator provides “wheels-on” brake pad wear inspection capability.

Webb heavy-duty NH225 and LN225 calipers are equipped with a robust centralized gear-driven adjuster, offering enhanced reliability and durability.

NH225
Specialty/Refuse/
Transit/Bus Applications

Built to handle the toughest applications!

- Robust, centralized gear-driven adjuster enhances reliability and durability
- Upgraded housing design provides enhanced sealing, significantly reducing the chance of water intrusion
- Twin piston design ensures balanced brake pad distribution, optimizing braking action
- Induction-hardened abutments minimize carrier wear from brake pad sliding
- Stainless steel visual wear indicator allows for easy “wheels-on” brake pad inspection
- An excellent choice for vocational and specialty applications!
